Subject: "A Nation On Trial"

INDEPENDENCE DAY: What does this mean to you. Perhaps you will think of Bar-B-Q, fishing, boating, swimming, picnicking, or as my wife would think, "SHOPPING". BUT, in reality even in the midst of all of our time together as family and with friends, we **MUST NEVER FORGET** what July 4th stands for and the reason we continue to celebrate it.

Our founding fathers were willing to risk their lives, families, and fortunes to provide what we have today, "AMERICA". When we sing the song "AMERICA THE BEAUTIFUL", or "GOD BLESS THE USA", it brings tears to my eyes as my heart wells up with pride and a sense of great privilege, and **FREEDOM** that no other nation on the globe has ever attained. God has truly blessed America, yet we face **HIS** judgment today.

We must **NEVER** forget that our Liberties and **FREEDOMS** are hanging by a thread, partly due to a **NON-AMERICAN**, Islamic, Marxist, Socialist in the White House.

Although it's probably not wise to give too much credence to polls published in the news media, it is hard not to find a ray of hope in this week's Quinnipiac poll which rated this president as the worst since World War II. Even the media's favorite punching bag, George W Bush, fared better than the current occupant of the White House. Perhaps, the combination of: The blatant disregard for protecting and defending our borders; The diminishing size of our work force and our once vigorous middle class; The lack of leadership in the face of a crisis such as the Sept. 11, 2012 attack on the US Embassy in Benghazi, Libya resulting in four deaths of our defenders; The over-reaching political harrassment by the IRS, and the stomach turning under-performance at the Veterans Administration.... perhaps, as President Lincoln said "You can't fool all of the people, all of the time."

That poll represents a snapshot of our composite opinion of our presidents. In the end it doesn't matter. There is but one Judgment that matters. We are **A Nation On Trial.**
