The IDEOLOGY that KILLS

Once again, America has experienced an attack by the ISLAMIC JIHADISTS. However before we examine the facts of the New York City jihadist's massacre, let's be reminded and encouraged to pray for all of the victims' families. Pray that the Lord will provide them with comfort and hope that can only be found in JESUS. We should also pray for our nation and our political leaders. It is with a deep

sense of sadness that we as a nation must continue to face such tragic times. It is the intent of this treatise to provide simply an overview framework, kind of a 'prism' to observe the tragic event and therefore, prayerfully, we can be better informed as to what the cause is, and the course of action that must be taken to provide safety and security for the future of our great nation. **Let's examine the following: The Context Identified; The Cultural Ideology; and The Conflict Identified.**

THE CONTEXT IDENTIFIED

We have witnessed the continuation of the Islamic Jihadist Terrorists spreading rapidly over all of Europe, in Germany, France, England and the Netherlands, as well as other countries. These nations are almost on the verge of social collapse due to the Islamic Jihadists flooding into their borders. The French Muslims are demanding the full application of Sharia law. The open immigration with almost no border restrictions has allowed the Muslim invaders to flood all of Europe. Africa is now being overrun with the Islamic Jihadists. The Muslim immigrants have warned Germany that their "days are numbered". German citizens are in PANIC mode over their future. State after state in Europe is caving in to the demands and threats of the Islamic immigrants.

The very essence is that we see NO political will to protect the citizens from the REAL threat of ISLAMIC SUBMISSION for all of the European nations.

Not just the context Identified, but we should also look at the Cultural Ideology.

THE CULTURAL IDEOLOGY

We must understand that Islam IS NOT A RELIGION, it is a cultural Ideology. 87% of the Koran is NOT about religion; it is an ideology, a cultural norm that controls the complete life and movement of every Muslim, including the plans and philosophy of war against all non-Muslims, especially Christians and Jews. The very word Islam means SUBMISSION. The ultimate goal of Islam is to bring the world to total submission to Islam and its Ideology. My book, [*The Coming Global Islamic Invasion*](#) is a full and complete Biblical review of this cultural ideology. Islam will not stop until they have brought into submission every nation, every state, province and people. History reveals that when Muslims reach a level of between 3-10% of the society they are living in, they will rise up and demand special foods, special laws (Sharia/Muslim law) and other special recognition and privileges such as special prayer times, prayer rugs, and exemptions from normal rules, regulations, and laws that apply to all other citizens. Again, the political leadership in Europe, as well as America, is silent and spineless to do or say anything to stop it. In fact most politicians will take special care to defend, protect, and advocate for the Islamic ideology. Furthermore, we must look at The Conflict Identified.

THE CONFLICT IDENTIFIED

We could call this the Cultural War, for make no mistake about it,- we are in a cultural war. The war has been declared upon America on 9/11/2001. There are vast cultural differences in the western world and the 6th century culture of Muhammad and the original jihadists of the deserts of Arabia. In Islam and under Sharia law, Christians are beheaded, burned alive, drowned in cages, throats cut, and crucified. In Islam, the Christian and Jew are NOT to be friends with the Muslim. Islam has historically viewed Jews as pigs, dogs, and sub-humans.

Islam lives and controls by the sword. Under Islam you will either submit, pay special taxes, or die. Muhammad gained control in the 6th century through massive

jihadist/terrorist militant bands and violent massacres of hundreds of thousands of non-Muslims, mostly Christians and Jews, as well as Muslims from different clans. So how have we arrived at this place in American history today? Please allow me to outline three basic points, of which I believe will shed some light on the dilemma.

- **-Weak-anemic Socialist-minded politicians**, like ex-Pres. Obama, Mayor DeBlasio of N.Y., and Rep. Pelosi, as well as many other congressmen, who are more interested in position, power, and re-election than they are in the safety and protection of "We, the People".

- **-IMMIGRATION**, over 8 years of the socialist-Islamic ex-Pres. Obama, the refugee and diversity program admitted millions of immigrants mostly from predominantly Islamic countries with almost NO REAL VETTING. The left wing, socialist party in Washington, is still in denial, with full resistance to building a border wall as they continue to declare that Islam is peaceful and/or tolerant. My book, [*Is Islam Tolerant?*](#) is a 324 page, 25 chapter book that completely refutes this claim of tolerance or peaceful Islam. It was under the Obama administration that all references to Islam as Terrorists were removed from the FBI/CIA field training manuals.

- **-WELFARE**, another contributing factor of the Islamic Jihadists Massacres may be seen in the welfare program and services provided both by the Europeans and the American systems. When an immigrant arrives on the Diversity and/or the Refugee Visa, they are provided full social benefits including, but not limited to, food, clothing, housing, medical, and other social perks. This allows the wanna-be jihadist the time and money to plan, prepare, and carry out the bombing or other types of massacre of multitudes of innocent people. Even in London, England there are hundreds of NO-GO zones that are under full control of the Islamic jihadists, where even the police are NOT allowed to enter.

The New York Islamic attacker, a 29 year old Muslim from Uzbekistan (part of the old USSR), was in America on a Diversity visa. He had all of the advantages of American citizens, yet, with pure demonic hatred for America. He murdered 8 people and injured many others. As he committed the horrific Jihadist attack, he screamed "Allahu-Akbar, lit. (ALLAH is the GREATEST). He was not shouting GOD is Great as the media continues to proclaim. This is evident again, that in the Islamic mind, it is NOT America is great or GOD is great, but this reveals that their allegiance is to the false god, ALLAH.

Of course Geraldo Rivera says that this could have been avoided IF Home Depot had only interrogated the jihadist as to why he was renting the truck. WOW, what an open mind???

A former Chief Justice of Alabama, Hon. Roy Moore, says the real problem in America is that we have forgotten God, both in our personal lives and in our political affairs. May God help us before it is too late to turn around. May God intervene and deliver our great nation before it is too late.
